Safeguarding

Every member of staff, user and visitor to CV Life facilities is responsible for maintaining respectful and safe behaviour towards all children and young people at all times. In the event that you have any cause for concern, please speak to any member of staff immediately.

Sports Coaching Charter

We pride ourselves on quality coaching standards and the development of coaches. Each coach involved in our coaching program has undergone a DBS check and has, or is working towards a recognised National Governing Body of Sport qualification. All coaches attend regular training seminars to refresh aspects of good practice, coaching techniques, child protection and sports development. The coaching team is provided with a wide range of equipment and materials, which are checked on a regular basis to ensure safety and suitability.

All coaching sessions are planned to ensure that each child receives maximum enjoyment and that every session has a guideline for coaching ratios. If you are not completely satisfied with the coaching standards delivered within your child's session, then please contact your Sports Development Officer.
