£4.50 per hour

### Duration:

20 months

# Aspire Training Solutions

Aspire engages children, young people and families in physical activity, by providing innovative delivery and training services and resources that educate and inspire.

Whether you're a parent seeking ways to help your children become more active, or a school, early years setting or another organisation looking for a provider of first-class sports coaching, mentoring or training, Aspire is always there to help. Our highly qualified and experienced team can provide the programmes and activities tailored to your exact needs.

Research shows that inactive lifestyles can seriously affect the long term health and wellbeing of children and young people. Aspire Training Solutions helps to tackle this problem by providing innovative training programmes for early years, primary and secondary schools, companies and individuals.

We offer a wide range of qualifications, training programmes and modules that give teachers, school support staff, sports coaches, apprentices and parents the skills and confidence to engage people in physical activity successfully. Aspire Training Solutions is recognised and approved by the Association for Physical Education (afPE) Professional Development Board for assuring high quality learning, teaching and coaching for PE and school sport professionals.
