

CREATIVE PLACEMENTS WORK EXPERIENCE FOR HOME EDUCATED YOUNG PEOPLE

Join CV Life for a work placement programme, developed for home educated young people aged 15-16.

A cohort of 9 young people will complete an accredited, level 1 Qualification in Personal and Social Development.

To achieve the Level 1 Award in Personal and Social Development, participants will complete two qualifying modules. The award requires approximately 60 hours of learning, split between home and in-person sessions.

Face to face sessions will be held at the Transport Museum on the last Friday of each month, 10:00am–2:30pm. These sessions will focus on group tasks, project work, and building a portfolio of evidence.

Termly, one day a week work placements across museum venues

During the academic year of the program, all young people will complete 1 term of work placements.

This will aim to introduce the young people to different departments and roles within our museums.

The young person will attend work placement one day a week, which will be agreed between both parties.

Monthly peer support workshops

Held on the last Friday of each month, 10:00am–2:30pm, at Coventry Transport Museum.

Sessions include:

- Activities to complete the Level 1 Qualification
- Guest talks on careers and job roles
- Group activities to support employability skills and career planning

Creation of skills based CV

All participants will be guided in creating a skills-based CV that highlights their personal strengths, experiences, and achievements. This CV can be used for future education, training, or employment opportunities.

Development of a visual aid portfolio

Throughout the year-long programme, each participant will build a personal portfolio showcasing the skills they've developed and the activities they've completed. This will be theirs to keep and use beyond the programme.

Come along to a relaxed information session at Coventry Transport Museum to find out how to get involved, ask questions and meet with the CV Life team.

MONDAY 18 AUGUST, 1.30PM - 3.00PM
